# A Letter FROM THE CO-CHAIRS

Dear New England Design Community,

As co-chairs of this year's IIDA NE Design Awards, we want to extend our deepest thanks to each and every one of you who made this year's celebration such a remarkable and inspiring evening. Held at the Revere Hotel Boston—a venue as dynamic and sophisticated as the work we came to honor—this year's awards were truly an unforgettable reflection of the energy, talent, and purpose that defines our community.

This event is more than an awards show. It's a gathering of minds and hearts, united by a shared belief in the transformative power of design. Together, we celebrated projects that do more than solve problems—they tell stories, uplift communities, and center the human experience at every scale.

Across the incredible entries and honored projects, we saw how design is being used as a tool for equity, for inclusion, and for meaningful community engagement. From thoughtful spaces that prioritize accessibility and belonging, to projects that embody environmental stewardship and climate resilience, this year's submissions show that our industry is not just keeping pace with the world—we're helping to shape it for the better.

Most importantly, we were reminded that great design begins with empathy. The human experience was woven into every project, whether through wellness-focused environments, cultural storytelling, or spaces that invite connection and healing. Your work is proof that design has the power to elevate lives—and that when we design with intention, we design with impact.

Thank you for your continued passion, creativity, and commitment to excellence. Thank you for showing up, for sharing your visions, and for being part of this community. We are endlessly proud to stand alongside you.

With gratitude and admiration,  
Alexandra Haslett & Tiffany Riddle  
Co-Chairs, IIDA NE Design Awards

# A Letter FROM THE PRESIDENT

Respected Members of Our Design Community,

It is an honor to welcome you to the 18th Annual IIDA New England Design Awards. Tonight, we gather to recognize the incredible talent, creativity, and passion that make our New England design community so dynamic and inspiring.

The Design Awards hold a special place in my heart because they reflect the very essence of IIDA NE's mission: celebrating the impact of design on the human experience. Every project and team represented this evening shows us how design has the power to transform not only the spaces we inhabit, but also the way we feel, connect, and engage with one another. That ability to shape lives in meaningful ways is truly worth honoring.

This evening is also a celebration of you—our IIDA NE members. Your dedication and vision bring energy and purpose to the design profession. You remind us that design is not simply about buildings or interiors; it is about creating environments that enrich the ways we live, work, learn, and grow together. I would also like to extend my heartfelt thanks to our incredible Design Awards Committee. Their creativity, leadership, and countless hours of effort have brought this night to life in a fresh format and a wonderful new venue. Their commitment embodies the spirit of our community: collaboration, innovation, and a shared passion for design.

Finally, I want to recognize and thank our Chapter Sponsors. Their support makes everything we do possible, from events like tonight, to professional development opportunities, to advancing legislative efforts in Massachusetts and Rhode Island. If you have the chance this evening, please take a moment to thank a sponsor. You will be thanking someone who makes a real difference in making IIDA NE what it is.

Congratulations to all of this year's nominees and winners. We are proud to celebrate your achievements and to share in the joy of design that continues to inspire and elevate us all.

With gratitude,

A handwritten signature in black ink that reads "Krista Easterly". The signature is fluid and cursive, with a large, stylized 'K' and 'E'.

Krista Easterly
